

Please take a look at the number of Wisconsin residents who continue to put their names on the no-call lists. This government was created for the people to be represented. Please listen to us. Allow the No-Call List rules for the state of Wisconsin to continue to support the people who live here. We do not want our lives interrupted by sales pitches. If we want an item, we will find it when we are ready to buy it. If I terminate my relationship with a company, I expect my decision to be respected. Please do not allow that company to call me for another 18 months after I have made the decision to walk away.

Thank you,
